

REMARKS/ARGUMENTS

Favorable reconsideration of this application as presently amended and in light of the following discussion is respectfully requested.

Claims 16-19 are pending in this application. Claims 16-18 are amended by the present amendment. As amended Claims 16-18 are supported by the original claims, no new matter is added.

In the outstanding Official Action, Claims 16-19 were objected to; and Claims 16-19 were rejected under the judicially created doctrine of obviousness-type double patenting as unpatentable over Claims 1-4 of U.S. Patent No. 6,560,405 in view of Kim et al. (U.S. Patent No. 6,301,587).

With regard to the objection to Claims 16-19, Claims 16-18 are amended herewith to delete "said entry information." Accordingly, the objection to Claims 16-19 is believed to be overcome.

The outstanding obviousness-type double patenting rejection is respectfully traversed in light of the terminal disclaimer submitted herewith.

The filing of a terminal disclaimer to obviate a rejection based on non-statutory double patenting is not an admission of the propriety of the rejection. The "filing of a terminal disclaimer simply serves the statutory function of removing the rejection of double patenting, and raises neither a presumption nor estoppel on the merits of the rejection." *Quad Environmental Technologies Corp. v. Union Sanitary District*, 946 F.2d 870, 20 USPQ2d 1392 (Fed. Cir. 1991). Accordingly, Applicants filing of the attached disclaimer is provided for facilitating a timely resolution to prosecution only, and should not be interpreted as an admission as to the merits of the obviated rejection.

Application No. 10/800,757  
Reply to Office Action of May 17, 2006

Accordingly, the outstanding double patenting rejection is traversed and the pending claims are believed to be in condition for formal allowance. An early and favorable action to that effect is respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
